RULES & REGULATIONS — MIXED TOURNAMENT

1. All bowlers must be USBC certified. Affiliate memberships (\$25) may be purchased at time of bowling for those that are not USBC certified.
2. Highest USBC average for the 2016-2017 season to be used. Highest average used for each event with 21 games necessary to establish an average. If an individual does not have 21 games at either date, they must enter at 230 unless they can furnish verification of their highest average with 21 games or more at time of bowling in the tournament. Summer averages are included.
3. Any four eligible members (two male / two female) as stated in #1 above can form a team. You must change at least one player to be considered a new team. The same team can compete multiple times, but only cash with their highest score.
4. Bowlers must report any lifetime re-rated average or tournament average adjustment to tournament management before bowling.
5. USBC Rule 319a(2) (10 pin average rule) does not apply.
6. Any individual submitting 10 or more teams shall receive a \$10.00 per team cash award. (They do not have to come from the same league). Or if you submit six to nine paid entries, you shall receive a \$50.00 cash award. You can qualify for only one of the above.
7. **NOTE:** It shall be the bowler's responsibility to verify the accuracy of their average. Failure to use the proper average shall disqualify score if submitted average is lower than actual average thereby resulting in more handicap. Prize winnings shall be based on the submitted average if it is higher than the actual average. In case of Doubles or Team Event, the averages shall be combined to determine whether the correct total is higher or lower than the submitted total. Corrections can be made up to the completion of the first game of a series or within 48 hours after completion of a series if the Tournament Manager, prior to the completion of the first game of a series, has given written consent to the bowler authorizing such extension of time to correct their average.
